

## Suggested Perennials for hot and dry conditions

Aster -Woods Purpleø 12-18ö tall and wide. Blooms Aug-Sept.  
-Woods Blueø and -Woods Pinkø also available.

Coreopsis -Moonbeamø 18-24ö tall and wide. Blooms June-Aug.

Delosperma cooperii ó 3ö tall mat, grows 2ø wide. Blooms Jun-Sept.

Dianthus -Firewitchø 3-6ö x 12ö. Blooms May-June.

Geranium cinereum. 6ö x 1ø May-June.

Geranium cinereum -Lawrence Flatmanø 6ö x 1ø May-June.

Geranium sanguineum. 9-18ö x 12-18ö. May-June.

Geranium sanguineum -Max Freiø 6-9ö x 9-24ö. May-June.

# Suggested Perennials for hot and dry conditions

Lavender -Hidcoteø 12-18ö x 12-18ö. June-Aug.

Nepeta -Walkerø Lowø 24-30ö x 24-30ö. Apr-Sept.

Perovskia a. -Little Spiresø 18-24ö x 18-24ö. June-frost.

Sedum -Autumn Joyø 2ø x 2ø Aug-Oct.

I would recommend Dianthus -Firewitchø for your early bloomer, Nepeta -Walkerø Lowø for main season, and Aster -Woods Purpleø for late season. These varieties are the most trouble free and heaviest bloomers.
